

Maltese Braille

The Maltese table in DBT have reflected the WBU/Perkins book "World Braille Usage 2013". This is a pdf, widely available on-line, which has been copied into tech support heaven.

This table represents a revision for the letters j, x, z, c overdot, g overdot, h slash, and z overdot. In addition, a simple contraction of the letter g with h slash has been eliminated with this listing.
